Important Things To Remember:

- To ensure a good hypnotic crowd we recommend a minimum of 50 to 75 guests. Any less could compromise the show.
- 100% of this show is audience participation. Volunteers will be on stage for over 45 minutes. They must be willing to have fun!
- Your guests are the show. They need to be ready and willing to volunteer and be active and lively.
- Hypnosis and Alcohol do not mix. If it is a drinking crowd, plan to have the show start early in the party/ event.
- Hypnosis is not a magic trick! It is a real phenomenon. We need a quiet, focused and involved audience to ensure a great show.
- Maturity and intelligence make for a better show. A very young crowd may not make for a good performance.
- Everyone is susceptible to hypnosis. The prime age group for a comic hypnosis show is 18 through 35.
- People willing to let loose and have fun are always the best volunteers.
- This show involves good clean fun. Don't worry. No one will be asked to give away secrets, money or strip out of clothing. *Be assured that our comic hypnosis shows are always age and event appropriate. Content specific material is very important to us and the success of our shows.*
